# Field Guide To Clinical Dermatology (Field Guide Series)

## Synopsis

Praise for the First Edition: "A superb guidebook to basic dermatology....One of the best quick-reference dermatology sources....This little gem should be a favorite of family physicians around the world." "American Family Physician Geared specifically to primary care practitioners, house officers, and medical students, this colorfully illustrated pocket book is a practical quick-reference guide to the diagnosis and treatment of common skin problems. The book is organized by clinical feature and written in terms that are accessible to non-dermatologists. 118 full-color illustrations depict the key distinguishing features of the diseases. ICD-9 codes are included. This Second Edition includes the latest therapies, plus many new photographs.

Average Customer Review: 3.0 out of 5 stars [See all reviews](#) (3 customer reviews)

Best Sellers Rank: #271,568 in Books (See Top 100 in Books) #59 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Dermatology](#) #79 in [Books > Medical Books > Medicine > Internal Medicine > Dermatology](#) #193 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Clinical > Family & General Practice](#)

## Customer Reviews

This is a nice reference tool for beginners. I've been practicing for 5 years, so it was too basic for what I was looking for. But this is still a quick, easy, small guide.

The book gives very brief info on common dermatological findings. good for learning the basics, but not much else than that. not a bad book, but i certainly don't think it's worth the price.

Thank you!
