## Customer Reviews

This book I read was 3 months ago, and I briefly remember that a rabbit was trying to save his family with his friend and his friend was sleeping when the bunny left and then the rabbit traveled through this journey and survival as he reunite with his friend and they save their family. The book has a twisty plot but it was understandable. Great read. Also here are maybe some of you are wondering including me too... Where is Book Kid? Is he/She taking a vacation or spend time with family? He wasn't active in 4 months! Can you at least in the next book please explain what was going on with this "wait"?
