Customer Reviews

when you are dealing with insurance company's, they come off as really trying to help you,they are not your friend. So beware, what they are really doing is trying to find out whatyou don't know and to get you to make statements that will be used against you as the situationbuilds. The ten insurance claims do and don't is a great starting point on dealing with thepowerful Insurance company's, arm yourself you are at war. Know all that you are entitled to getbecause they will not tell you everything you need to know, their job is to move you alone asquickly as possible with a minimum settlement payout.

The digital version came thru without any issues.Overall, the info was pretty helpful. Some sections I didn't need, but still good info.I still did a lot of research and asked a ton a questions. In a situation

like this, it is definitely an advantage to be prepared.
