With its extravagant homes, sumptuous gardens, and iconic residents, Palm Beach radiates luxury and wealth. Tiffany’s Palm Beach showcases roughly 70 of the area’s wealthiest, most powerful, and, in some cases, most reclusive residents in and around their stylishly opulent homes and gardens. Highlighted are exquisite Tiffany objects and jewels, both antique and contemporary, wherever they appear. With unprecedented access into the jealously and heavily guarded retreats in this most exclusive of American resorts, this deluxe volume is a virtual who's who of Palm Beach society. The text accompanying the book’s lush photography provides historical context to the significance of these spectacular homes as well as the architects, interior designers, and garden designers that fashioned them. The ultimate luxury wish book, this collection is perfect for admirers of Tiffany style and of life at the top in America today. The publication of this book coincides with the reopening of the renovated Tiffany & Co. in Palm Beach, in November 2005.

Customer Reviews

To almost anyone, Tiffany and Co. and Palm Beach would go hand and hand, analagous like Lalique and Monte Carlo. The concept for this book is very interesting and the author fully realizes how to exploit the two to their most advantagious. The text is highly informative and the images are crisp and beautifully presented. I agree with one of the reviews that this is an expensive coffee table book, but frankly im sure those interested in this sort of thing, will not think twice about the price of admission. Really a wonderful book on a very interesting subject, well done indeed.
For most people, this kind of lifestyle is only a dream, but wow, what colourful and beautiful dreams. This book is choc full of stunning photos that reflect the wealth some people luckily or unluckily have. Their houses (or should I say shrines) are treasures in their own rights, but the possesions inside are also gems. The Tiffany theme is reflected in here all the way through and there is some stunning pieces. This is a pricey ‘coffee table’ book, but it’s so beautiful, you’ll be glad you treated yourself or someone else.

Loved this book. I purchased it merely for inspiration photos for my own construction, but found myself reading each page!! Very interesting read!

This book shows that given enough money there is no limit to how young, thin and attractive your wife can be. And apparently there is no limit to the hubris of the rich--designer wine cellars on a hurricane prone barrier island. Last I checked there were over 260 homes for sale on Palm Beach with an asking price of $2 million up. A great coffee table book. And a pictorial guide to The Season by Ronald Kessler that is sitting on my book shelves awaiting a read.

I got this book for my partner as a christmas present, he loves Palm Beach, I got the book very nicely packaged and he loves it, has great pictures and articles about the fabulous life style in Palm beach, shows mansions, fancy cars, antiques and a lot more related also to Tiffany the jewelry Co. as well as the people who lives this life of richness.

There isn't much substance to this book......Fun pictures, but nothing much more
