Customer Reviews

Only 11 pics and there not nude, this sux and was a huge waste of a dollar. What a rip off, I expect better of . I want a refund. The girls are nice looking but they have on shirts, blouses and bras. Huge Tata's should at least show some flesh

It truly is the worst "Erotic Photography" Book I have ever perused. A grand total of SEVEN images (eight if you count the cover photo...which exactly matches the first image in the set). If this counts as "Lots of sexy, sexy girls" then my dictionary needs tuning. The models are attractive enough, but you don't see much of them; they are fully-clothed throughout, and there isn't more than one image of each woman. Save yourself, spend your \$0.99 on something more worthwhile, like used Q-tips.

A Few lame images. Very disappointing. Don't be lured in. This is a true waste of your time. Lesson

learned.

Perfect for Suckers. There must be thousands of these on and Kindle is proud of their ' Customer Reading Experience ' when in fact they are peddling s*** to us, their ' loyal customers '. What a joke.

I'm sorry I like naked women sorry so I suggest if your like me you don't get it. But it's up to you.

Complete S*****

Another SEXploitation book. Cover shot repeats without graphics followed by six photos of a model in six different outfits (swimwear, foundation garments, jeans)

The kindle version is worthless. Small pictures, not explicit as I wanted, and b/w. Not offensive just not good, and very, very few of them
