Customer Reviews

This book is very useful and informative for those planning to have an affordable and flexible house. At first, I am not attracted in this kind of home but after reading it, I understand and realized the significance and why most of the people choose this tiny and very unique home. All the information about building Shipping Container Home was actually discussed here in details from advantages to disadvantages and the author shares some of ideal designs of Container Homes. So, it's truly awesome and a great guide for those who wanted it and seems I am more interested now to have this one also I'm gonna share this one to one of my friends since they are planning to move here in Springfield.

I have been wanting to build my own home for a while now but it's going to be so expensive. A friend of mine suggested I look into building using a shipping container as it can be up to 60% cheaper than a traditional build!! This book is so amazing! He takes you through the whole process! It explains right from start to finish- how to get permits, what to look for when buying a container. Highly recommended!

The Shipping container book is prepared with the prior information for us to have before making the decision to own one, such as the insurance and the legality not forgetting the Planning your space factor, which are all vital in the current situation to reduce on the costly mistakes many have fallen into.

This is an interesting read the book have perfect ideas to make home in shipping container. The book is well written and easy to understand. I love to make my own house like this and these houses are too economical and portable thanks.

I've been hearing a lot of good feedback's in this shipping container homes and I got interested in building one but the problem is I lack detailed and information on how to do it, luckily a friend of mine told me about this book and I purchase it right away, it is really unbelievable how a small eBook like this contains all the information you need to know about Shipping Container Homes.
