AMC River Guide Maine (AMC River Guide Series)

Synopsis

Whether a novice canoeist or experienced whitewater kayaker, no paddler should be without an AMC River Guide. In this completely updated and revised edition of AMC's River Guide: Maine, paddlers of all ability levels will find the comprehensive, straightforward information they need to experience everything from serene rivers to challenging whitewater. Inside you'll find nearly 4,000 miles of Maine rivers, including sections of the Northern Forest Canoe Trail. The revised edition includes easy-to-use locator maps with improved detail and eight new watershed maps. Over 140 detailed river descriptions and an easy-to-use format make river selection and trip planning effortless.

Customer Reviews

This is the ultimate Maine River Guide. It is a great successor to the previous AMC River Guides. I always use AMC guides for hiking the white mountains and river runs in New England. I'm just glad they're available. Now I need to get the Topographical Maps for my next family trip!

I liked the presentation of the material. The book was easy to use and very readable. My only criticism is the lack of good material for northern Maine. There's a lot of great waterways up here and I was sorry there wasn't more included in the book.
