Customer Reviews

Do it yourself fixed income investors in search of a review of the fundamentals now have a 99-cent gem. Authors cover the basics plus a few web sites for further reading. In the past, bond prices were hidden from the retail investor, but a few years ago that all changed. Also, the formerly sleepy world of municipals has changed forever since the credit crisis of 2008-2009. You may also gain a new respect for the skills of active bond fund managers. A true bargain.

For one dollar, the information in this eBooklet IS the best deal in the bond market !!

Good practical advice about bonds. Don't wait to learn the hard way, read the book!

Clear, easy to read, entertaining, also very informative for we beginners.
