The Great Retirement Hoax: An Indictment Of Universal Life Insurance (Traditional & Indexed), The Insurance Companies That Offer Them, And The Sa

Synopsis

Learn why whole life insurance from a mutual life insurance company is the BEST vehicle for creating your own personal "bank". Learn why whole life insurance is superior to 401(k) plans, 529 College Funds, and Roth IRAs. Learn why universal life insurance (both traditional and indexed) is fraught with "danger" and cannot be relied upon for a retirement fund. Learn that State Law (in most, if not all, states) protects all life insurance products from attachment or garnishment from creditors.

Book Information

Paperback: 68 pages

Publisher: Outskirts Press (August 20, 2014)

Language: English

Customer Reviews

Sounds good to someone who doesn't know a whole lot about life insurance. Author claims he is an "now an expert" in life insurance. All I can advise him is ..keep on learning....I also saw in the state's licensing division that he is appointed by World Financial Group.... really ?

This is a MUST READ for anyone who currently has life insurance OR is thinking about acquiring life insurance. The author, Gary Kunishima, spills the truth about the flaws in Universal Life Insurance (Traditional & Indexed). I feel that he risked a lot in what seems to be a subject that not many are willing to stand up and speak about. This is the first review comment I have ever written here, but after reading this book I felt that I should help make it known that this is a book that has to be read, and read thoroughly. VERY eye opening and highly recommended!

Am I the only one completely confused as to whether this book is positive or negative on these types of insurance policies?

I really enjoyed all of the great information that Gary Kunishima provided in his in depth life insurance book. I thought I knew a lot about life insurance, but Gary uncovered a lot of hidden things that the consumer would never know. Hidden Treasure using dividend paying whole life, to produce a stream of income during retirement and no tax. Awesome! Thanks for sharing all of your knowledge, enjoyed your book.
